SCIENCE PREVENTS BALDNESS.

The Fatal Germ and Its Remedy Now Facts of Science.

It is the rarest thing in the world for a man to be necessarily bald. No man whose hair is not dead at the roots, need be bald if he will use Newbro's Herpicide, the new scalp antiseptic. Herpicide destroys the germ that cuts the hair off at the root; and cleans the scalp of dandruff and leaves it in a perfectly healthy condition. Mr. Mannett, in the Maryland Block, Butte, Mont., was entirely bald. In less than a month Herpicide had removed the enemies of hair growth, and nature did its work by covering his head with thick hair an inch long, and in six weeks he had a normal suit of hair. Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

Snakes on Steamship.

Officers of the Liverpool steamer Indrasamha rejoiced when that vessel reached her pier in New York yesterday afternoon, for they had a strenuous trip from Singapore, with a passenger list consisting mostly of snakes, monkeys, leopards and bintrungs, the latter a kind of wildcat.

The five pythons in the consignment, three of them 25 feet long and each averaging 270 pounds, broke loose from their boxes while the ship was coming through the Indian Ocean. The mate was enjoying an after luncheon cigar in his stateroom and Captain Craven was in the chartroom, when they were startled by a series of sharp shrieks.

The mate rushed on deck to find the crew of laborers trying to climb into the rigging. Clinging to the main shroud with its tail, lashing the air at a furious rate, was one of the largest pythons. Another 25 feet of snake was pounding the deck.

The mate ran for a hatchet and Captain Craven sought a gun. The Lascars, with white faces, were bawling at the top of their lungs. There is no saying what might have happened had not the captain and the seven officers managed to get seven Chinese and two Japanese, who were members of the crew, to aid them in fighting the snakes. The Chinamen had been in the theatrical business. One of the Chinamen secured a rope, and after repeated attempts succeeding in lassoing the python that was climbing to the main rigging. It took the Chinese, Japanese and Englishmen four hours to capture the other.

The orang-outang disappeared in the Red Sea. They searched the ship for him, and when it was decided that he had fallen over the side and was lost one of the sailors, it is said, with a straight face pointed to the patent log line that was floating in the water in the wake of the ship.

There was the orang-outang clinging to the log line, and he was hauled in more dead than alive. The orang-outang rang amuck after that and tried to stab one of the Chinese cooks.

Miss Roosevelt in New York.

Like thousands of other young women with money to spend, Miss Alice Roosevelt went to New York yesterday afternoon to do her final shopping and to complete her trousseau, but unlike those other thousands she was not allowed to make her entry quietly, and her visit of several days will be something more than a mere shopping trip.

Miss Roosevelt was entertained at dinner last night, and another dinner will be given for her tonight, but between entertainments the bride-to-be of Representative Nicholas Longworth will visit millinery shops and other establishments sought by women on occasions such as this. One such call was made yesterday afternoon on an establishment in Fifth avenue, which makes a specialty of hats, and most of today will be devoted to equally pleasant expeditions.

Miss Roosevelt and Mr. Longworth went from Philadelphia in the Pullman car Alice. On the deck of the ferryboat Miss Roosevelt and Mr. Longworth consented to pose several times for photographers.

Unnoticed by those in the streets, they hurried in an electric cab to Sherry's as fast as the traffic regulations would permit.

At Sherry's a note had been left for Miss Roosevelt from Mrs. Cornelius Vanderbilt asking her to go the St. Regis. Mrs. Vanderbilt was waiting for them and they had luncheon as her guests. Mr. Longworth left them at 3:30 p. m., and a few minutes later Miss Roosevelt and Mrs Vanderbilt drove away in an open carriage.

After shopping for two hours Miss Roosevelt was driven to the home of Mrs. Robert Goelet on east Seventy-second street. Mrs. Goelet will be her hostess while she is in New York.

Doctor Shot by Daughter.

Dr. Harry H. Pemberton of Long Branch, N. J., was last night shot in the neck by his daughter Charlena, twenty years old, who afterward attempted suicide by shooting herself. She was prevented by her father, who knocked the revolver from the girl's hand. The young woman then fled to the home of her mother on Chelsea avenue.

Dr. Pemberton was divorced from his wife two years ago after one of the most sensational trials on record. Since then the two children, Charlena and Cecil, have been living with the mother on Chelsea avenue. Cecil, who has been in poor health, has been stopping with his father for some time past.

Last night Charlena stopped at her father's house to see how Cecil was getting along. When she left the house Dr. Pemberton followed his daughter to the door and called to her to close the door. She returned, entering the hallway, and, pulling a 38-caliber revolver, fired, the bullet entering the fleshy part of the doctor's neck, making a painful wound. No words passed between the physician and his daughter.

After firing the shot the girl then attempted to take her own life. She then fled, and was later apprehended by Chief of Police Layton.

Dr. Pemberton refused to make a complaint against his daughter, claiming that she was not accountable for her act. It is thought, however, that she will be placed under arrest.

Fined for Contempt.

President Edwin R. Wright, of Typographical Union, No 16 of Chicago, was yesterday fined by Judge Holdom, of the Superior Court, $100 and sentenced to thirty days in jail for contempt of court. Edward Bessette, a member of the union, was fined $50 and sentenced to thirty days in jail. The union itself was fined $1,000. The charge against the union and its members who were fined by Judge Holdom was violation of an injunction granted some weeks ago by which the members of the union were enjoined from interfering in any manner with the operation of the printing establishments operated by members of the Chicago Typothetae and from interfering in any manner with the nonunion workmen employed in those establishments. Before the announcement of the decision counsel for the union asked leave to file an affidavit signed by sixty members of the union, which states that they are opposed to violence in any form in connection with the strike. Attorneys for the typothetae objected to the admission of this, but it was allowed by the court to go into the record. It has been arranged by other officials of the union to institute habeas corpus proceedings as soon as the men are taken to jail.

Another Victim.

While turning from Grand avenue into the entrance of the Redemptorist High School in St. Louis yesterday, Gertha Rude, a thirteen-year-old school girl, was apparently accidentally collided with by an unknown young man and a few minutes later she found she had been stabbed in the hip. The knife cut through her clothing, but did not penetrate the flesh. This makes the seventeenth girl mysteriously stabbed on the streets of St. Louis within the past two weeks, but marks the first case of stabbing during the day time. None has been seriously injured. The girl's description of yesterday's stabber tallies with the description furnished by the others who were stabbed, and the mysterious knife wielder, now known as "Jack the Stabber," is being searched for zealously by every member of the police department.

Stomach Troubles and Constipation

"Chamberlain's Stomach and Liver Tablets are the best thing for stomach troubles and constipation I have ever sold," says J. R. Cullman, a druggist of Potterville, Mich. They are easy to take and always gives satisfaction. I tell my customers to try them and if not satisfactory to come back and get their money, but have never had a complaint." For sale by Gibson & Timberman and W. F. Creighton & Co.

Bent Her Double.

"I knew no one for four weeks when I was was sick with typhoid and kidney trouble," writes Mrs. Annie Hunter, of Pittsburg, Pa., "and when I got better, although I had one of the best doctors I could get, I was bent double, and had to rest my hands on my knees when I walked. From this terrible affliction I was rescued by Electric Bitters, which restored my health and strength, and now I can walk as straight as ever. They are simply wonderful." Guaranteed to cure, stomach, liver and kidney disorders; at E. S. Leadbeater & Sons' drug store; price 50.

Perfection can only be attained in the physical by allowing Nature to appropriate and not dissipate her own resources. Cathartics gripe, weaken—dissipate, while DeWitt's Little Early Risers simply expel all putrid matter and bile, thus allowing the liver to assume normal activity. Good for the complexion. Sold by W. F. Creighton & Co., 401 King street.

Alexandria Gazette
SIC SEMPER TYRANNIS
AND VIRGINIA ADVERTISER

TUESDAY EVENING. JAN. 30, 1906.

CHRISTIAN IX., the aged King of Denmark, dean of the crowned heads of Europe, father of King George of Greece, of Queen Alexandra of Great Britain and Ireland, and of the Empress Dowager Maria Feodorovna of Russia, grandfather of King Haakon VII. of Norway and related by blood or by marriage to most of the European rulers, died suddenly in the Amalienborg Palace, in Copenhagen, yesterday evening, at the ripe age of 87, and with a suddenness that has startled every court in Europe. He was known as the father-in-law and the grandparent of Europe and the patriarch of royalty. He has been succeeded on the Danish throne by Prince Frederick, his eldest son, who was born June 3, 1843, and was married July 28, 1869, to Princess Louise, daughter of King Charles XV. of Sweden and Norway. Their second son, who married Princess Maud of England, is now King of Norway. The new king will be known as Frederick VIII. A majority of the royal houses of Europe will be plunged unexpectedly into mourning by the death of King Christian. The rulers of Russia, Great Britain, Greece, Sweden and Norway are directly related to the dead monarch either personally or through their consorts. His sons and daughters were preparing for their annual trip to Copenhagen for the purpose of celebrating his eighty-eighth birthday anniversary, when the news of his sudden death reached them. He was one of the wisest and best of rulers, and not only his subjects but people of all nations will regret his death. It came at a ripe age to a lonely man who had probably been longing for his own summons ever since the death of his consort, more than seven years ago. A good old man is dead, a notable historic figure has passed away. At peace with the world, rich in the loyal love of his subjects, with his realm prosperous and his throne and dynasty as secure as such things can be in this world, he had long faced the inevitable with composure, and has left a memory which will be envied by multitudes of his less favored fellow men.

INVESTIGATION of the Pennsylvania Railroad's relations with the Baltimore and Ohio, the Norfolk and Western, the Chesapeake and Ohio and other allied roads was begun by the House of Representatives yesterday, as was stated in the Gazette of that day. A resolution was adopted calling upon the President for all information now in the possession of the Interstate Commerce Commission tending to show that there has been a merger of these roads in violation of the anti-trust and interstate commerce laws. The action was forced by the democrats, and took the republicans entirely by surprise. Representative John Dalzell, the Pennsylvania railroad's faithful watchman, was asleep at the switch. He knew nothing of the approaching danger, nor did he wake up until it was upon him and had overwhelmed him. Then he strove manfully to minimize the damage, but all in vain. It is alleged that the control of the Cheapeake and Ohio and the Norfolk and Western by the Pennsylvania has worked enormous harm to Virginia and West Virginia interests. The Virginia roads had formerly done much to upbuild the sections through which they ran, and had accomplished almost miraculous results in the development of the coal beds of Southwest Virginia and West Virginia. But since the Pennsylvania secured control of the roads all interests have been subordinated to the interests of the territory through which the Pennsylvania runs. The Pennsylvania road has practically dominated Congress for many years and interesting developments are expected as a result of the passage of the resolution.

THE President, it is claimed, will hereafter be found acting in harmony with the stalwart republicans and will permit the reformers to make their own fight as best they may without official recognition from the national administration. Recent experiences are said to have convinced the President that he has weakened his hold upon Congress by giving open aid and comfort to men in various States not in harmony with the republican organizations of those States, and he is said to have concluded that his first duty is to carry out his legislative programme, and as a means to that end to stand with the regular republican organizations of the States which are represented by the Senators and members in Congress. This is another jolt to the half-breeds!

THREE months of marching, maneuvering and drill in large bodies, under conditions approximating those of actual warfare and in imitation of the European armies, is the programme the general staff has evolved for the regular army for next summer and subsequent summers, provided Congress will grant the necessary funds—about $1,000,000 yearly. This plan of mammoth maneuvers, intended to increase the efficiency of the army, was suggested by President Roosevelt. This playing at war gives much concern to the peace-loving people of this country.

THE Supreme Court of Tennessee has reversed the decision of a lower court giving $5,000 damages against the Nashville American for its account of a court proceeding. The court holds that a newspaper may publish trial proceedings, but that the reports must not be mingled with comment, the place for comments being in the editorial column. The reports must be fair and accurate. No fair newspaper could ask for a fairer decision.

THE treaty with Cuba ceding to that republic sovereignty over the Isle of Pines, which has been pending for over two years, has been favorably reported to the Senate. This is the Senate's proper answer to the recent effort of a few American jingo residents to set up a State of their own and to ask for American protection.

THE RECEIPT of news in New York that the House of Representatives had called on the President for information about the Pennsylvania's control of the Baltimore and Ohio, the Norfolk and Western and various other lines, and that Senator Tillman had announced a similar attack from the Senate, gave the signal for an onslaught by the bears in the stock market that knocked the market into a cocked hat and closed it at the lowest price.

From Washington.

[Correspondence of the Alexandria Gazette.]

Washington, Jan. 30.

The most important of the ten sections of the Hepburn railroad rate bill, consideration of which was begun in the House today, and which will, after full debate, be brought to a vote a week from today, is section four, which confers the power on the Interstate Commerce Commission to establish a "just and reasonable and fairly remunerative rate or rates, charge or charges, to be thereafter observed in such case as the maximum to be charged." The power to initiate rates is not given. The section governing this power reads as follows:

"That the commission is authorized and empowered, and it shall be its duty whenever, after full hearing upon a complaint made or upon complaint of any common carrier, it shall be of the opinion that any of the rates or charges whatsoever, demanded, charged or collected by any common carrier or carriers, subject to provisions of this act, for the transportation of persons or property as defined in the first section of this act, or that any regulations or practices whatsoever of such carrier or carriers affecting such rates are unjust or unreasonable, or unjustly discriminatory, or unduly preferential or prejudicial or otherwise, in violation of any of the provisions of this act, to determine and prescribe what will, in its judgment, be the just and reasonable and fairly remunerative rate or rates, charge or charges, to be thereafter observed in such case as the maximum to be charged; and what regulation or practice in respect to such transportation is just, fair, and reasonable to be thereafter followed; and to make an order that the carrier shall cease and desist from such violation, to the extent to which the commission find the same to exist, and shall not thereafter publish, demand or collect any rate or charge for such transportation in excess of the maximum rate or charge so prescribed, and shall conform to the regulation or practice so prescribed."

Section 10 repeals all laws in conflict with the provisions of this act, such repeal not to interfere, however with causes now pending.

The Pacific Mail Steamship Company is likely to get into trouble because of its deliberate refusal to handle freight consigned to it over the Panama Railroad, thereby occasioning a congestion which has seriously embarrassed the canal work on the Isthmus. Congress will be asked to adopt legislation either to penalize the steamship company under the coastwise laws; authorize the establishment of a government line of steamships between San Francisco and Panama; or offer inducements to other private companies to compete. In the course of Secretary Taft's secret testimony before the Senate committee investigating Panama canal affairs, which has just been made public, he described the congestion of freight at Panama, and said that the question as to what should be done about it was presenting itself to the government with considerable force.

President Roosevelt did not loose any time in directing the Interstate Commerce Commission to report to him for the purpose of forwarding to the House of Representatives any information it might have in regard to the existence of the alleged Pennsylvania merger of railroads. By 10:30 this morning the resolution had reached the commission and Chairman Knapp at once called a conference to discuss the forthcoming report. The only data available, outside of facts of public knowledge, is contained in the confidential annual reports of the railroads, submitted to the commission in accordance with the interstate commerce act. No penalty can be imposed if these reports are not submitted, but by diplomatic handling, with rare exceptions, every railroad has submitted its annual report. It is believed that the facts contained in the reports are correct statements of existing conditions. But the fact that the Pennsylvania Railroad Company has a mere minority holding will not be taken as proof that it does not control the other roads mentioned in the resolution. In the investigations of the Interstate Commerce Commission, it has been noticed that companies at times intentionally purchased less than a controlling interest. It is intimated that they depend upon the holdings of individuals interested in the principal company to cooperate with the company in controlling the subsidiary companies. In this way violations of the law are avoided. It has become a matter of public knowledge at hearings that the Pennsylvania Railroad Company owns most of the stock of the Pennsylvania Company, which controls the Pennsylvania lines west of Pittsburg.

General Wheeler's old comrades at arms, the veterans of Camp A., Wheeler's Cavalry, from Atlanta, forty strong, in command of Col. T. H. Jones, marched up to the White House office building this morning to shake hands with President Roosevelt. The President shook hands with each and stopped the line every moment or so to greet this or that old soldier whom he had met before, with more vigor than the rest.

President Roosevelt's sister, Mrs. Cowles, was the central figure of a rather embarrassing incident on the House side of the Capitol today. Senator Warren, of Wyoming, escorted Mrs. Cowles, another lady, and two gentlemen over to the House side, after the House had assembled. Somehow or other, they eluded the vigilance of the guards, and made their way into the lobby, from which the public is excluded. Senator Warren left the party there to go on the floor of the House, and there they were discovered by scandalized attaches. There was much whispered conferring and finally the chief usher called Mrs. Cowles' attention in his politest manner to the violation of the rules of which she and her party were unwittingly guilty. They hurriedly left the lobby, somewhat embarrassed, but in perfect good humor. Senator Warren took the blame himself for not being better informed as to the rules of the House.

In sheer astonishment, the Imperial Chinese Commissioners, in this country to investigate industrial conditions, witnessed the daring feats of members of the cavalry in the drill given at Fort Myer, Va., in their honor today. A number from the commissioners' suite and State and War Department officials accompanied the honored Chinamen across the Potomac to the fort. Previous to this, the morning was spent in visiting the Smithsonian Institution and National Museum.

Judge Magoon, governor of the canal zone was at the White House this morning to talk over a number of matters pertaining to isthmian affairs with the President. The Governor will remain here for two weeks and will then return to Panama. "There is no city on the American continent of its size that is more agreeable to live in," said Governor Magoon, referring to the city of Panama.

Miss Shelby Converse, daughter of Rear Admiral Converse, is in a critical condition at her home in the Connecticut apartments as the result of being thrown from her horse while out riding yesterday afternoon. A frightful gash was cut in the side and it is feared that one of the bones in her leg is broken.

Efforts are being made in the House to prevent the resolution offered by Mr. Rixey for a congressional investigation of the naval academy from being adopted. An investigation is not desired by the authorities, for other things besides hazing might develop.

First Vice President Green and Third Vice President Rea of the Pennsylvania have come to Washington.

MR. SWANSON'S INAUGURATION

With simple, but imposing ceremony and in the presence of a distinguished gathering of men and women from all sections of the State, Claude A. Swanson will at noon on Thursday of this week, take the oath of office as Governor of Virginia for a term of four years, begining that day.

Heretofore the Virginia Governors have assumed office with the beginning of the year. Under the new constitution the terms were changed by a month and Governor Swanson will be the first to go in under this system. The remodeled State Capitol will be the scene of the inauguration of 1906. In the magnificent surroundings furnished by the great building will be more brilliant than ever. The wide halls will be crowded with distinguished Virginians, and the State functions within the Capital itself will give way in the afternoon and evening to a sound of brilliant social features.

The plans for the inauguration are about complete. The Governor-elect has expressed a particular desire that there shall be as little display and formality as may be possible under the circumstances. This idea will prevail in all arrangements. Democratic simplicity will mark the inauguration throughout, and only such form and pomp will be permitted as may be absolutely necessary.

The Governor-elect and Mrs. Swanson will reach Richmond today from Washington and will be at the Jefferson Hotel until the inauguration, which will occur on Thursday at noon before a joint-session of the two houses of the General Assembly held in the hall of the House of Delegates. The oath of office will be administered by Judge Stafford G. Whittle, of the Supreme Court of Appeals of Virginia. Prayer will be offered by the Rev. J. Sidney Peters, pastor of Trinity Methodist Church, Richmond.

The inaugural address will then be delivered by the new Governor. The inauguration of Lieutenant-Governor J. Taylor Ellyson will follow immediately after the ceremonies attending the inauguration of the Governor.

In the presence of the General Assembly and a great attendance of others, the scene set in the historic surroundings of the Virginia Capitol will be very impressive. The great hall will be filled to overflowing. The gathering will be very brilliant, including, besides the members of the families of the Governor and Lieutenant-Governor, prominent men and women from all sections of the State. Both United States senators from Virginia will be present, and a number of the Virginia congressmen, with congressmen from several other States, intimate friends of Mr. Swanson in the national capital. It has been reported that the congressional party will go from Washington in a special train and will include the entire Virginia delegation, but this feature of the programme, if arranged, has not yet been definitely announced.

Owing to his great age, the father of the Governor-elect, who is seventy-six years old, will not be able to attend the inauguration, and the Governor's sister also will be kept at home with her father. The other members of the family will all be present.

Mrs. Swanson will attend the exercises in the Capitol, but on account of her mourning for her mother, will not participate in the social functions to follow.

After the inauguration Governor and Mrs. Swanson will repair to the executive mansion. From 2 to 4 o'clock Thursday afternoon the Governor will extend a reception to the members of the General Assembly, the State and city officials and such others as may desire to attend. This reception will be entirely for men. The visitors will be entertained at luncheon. At night a brilliant reception will be tendered to the new Governor by the Lieutenant-Governor at the residence of the latter, No. 10 east Franklin street. Some of the most prominent people of Richmond and Virginia will be present.

The Railroad Rate Bill.

Washington, D. C., Jan. 30.—Startling charges were publicly made by Mr. Charles E. Townsend today, in his speech in the House opening the debate on the Hepburn railroad rate bill reported unanimously by the committee on interstate commerce. He declared that the opposition had "endeavored to discredit the administration in various matters in order to distract attention from this great question." He predicted that "delay will be caused wherever possible, in the vain hope that something will happen yet to prevent final action." He spoke of a lobby, "rich and powerful," of "unwarranted interferences with the people's rights," of the "dictation of the nomination and election of legislatures" by the corporations. He warned them that to further oppose railroad legislation might bring upon them "the fate which an indignant people is sure to visit upon the corporations who, believing that they are above and beyond the law, seek to become a law into themselves."

Mr. Townsend, with Mr. Esch, was the joint author of the railroad rate bill that passed the House last year. In a long and carefully prepared speech, the Michigan statesman went over the situation today. He spoke of the bill passed by the House last year, "the advocates of which knew, or felt they knew, that the requirements of the people would never be less, and that delay would simply increase the demand for more radical railroad legislation."

This statement that the people would demand more this year than they did last, had been circulated by the carriers and favored shippers, he said, with the legislation "that business interests had been threatened and that disaster was liable to follow."

"A year has passed," Mr. Townsend continued, "and yet business has not been disturbed; railroading has extended its operations, increased its mileage and improved its facilities and equipment in an almost unprecedented manner, thus furnishing conclusive answer to the carrier's own arguments.

"Today we offer a new bill and I present it to you now, as I did the one of last year, with the statement that it is probably the least the people will accept. It confers wider powers that its predecessor, for the reason that the demand is for a greater exercise of the government's control over public carriers. It may not remedy every defect in existing laws to which every complaint has called the Interstate Commerce Commission's attention, but it is believed that it will be sufficient to secure every defect against which any considerable objection is made.

"The committee, or at least a majority of it, believes that this bill is not only within the constitutional powers of Congress, but that it is clearly an expression of the duty of Congress to the American people."

He outlined at length the provisions of the bill and spoke of the gross injustice that has been done the people of the United States through special services, such as the private and refrigerator car lines. "We believe," he declared, "that the bill effects a complete remedy for these evils."

He criticized the means employed by some of the opposition to rate legislation.

Mr. Adamson, of Georgia who is in charge of the debate on the railroad rate question in the House on behalf of the minority, made the opening speech for the democrats following Mr. Townsend. At the outset he declared that he, for one, "had never seen any reason to make the subject of commerce a partisan question yet, unfortunately, matters affecting our commerce in various ways have divided the people of the country through our entire history."

He cited democratic platform declarations favoring railroad rate regulation and referred to the silence on that subject of the republican declarations.

"But if the result of the last election was claimed by any body, as a victory, against railroad regulation," he said, "the President-elect, undoubtedly the ablest as well as the most honest and fearless republican President we ever had, promptly disabused their minds by taking promptly, perhaps, as advanced position, in favor of our platform declaration on the subject, as our own candidate would have done had he been elected."

Mr. Adamson outlined the work done on the bill by the House committee, and showed how the suggestions of the democrats, looking to the improvement of the Hepburn bill, "were promptly accepted and gracefully appropriated" by the majority. "There was then nothing obnoxious in the bill," he said. "We had won that much." He expressed the hope that the bill would be passed without amendment, and in conclusion declared that he had no sympathy with the prediction that the bill would be pigeon holed in the Senate.

After Pennsylvania Railroad.

New York, Jan. 30.—Wall street regards with much apprehension today the possibility that may grow out of the resolution passed in the House of Representatives in Washington yesterday, calling for information regarding the control by the Pennsylvania Railroad, through stock ownership of the Baltimore and Ohio Railroad and other so-called Pennsylvania railroads. An investigation of the extent of influence that the Pennsylvania wields over the lines, in which it has a virtual controlling interest, might show that competition had been destroyed in violation of the interstate commerce act, and that suits similar to the Northern Securities suit would be brought in the federal court to compel the Pennsylvania to disgorge its holdings of stock in other roads. A Wall street operator, who has made a specialty of the Pennsylvania group, said this morning: "If it was possible to smash the Northern Securities Company on the ground that the roads merged were parallel lines the Pennsylvania seems amenable to the same law. Properly speaking, the Pennsylvania group comprises the Baltimore & Ohio; the Norfolk & Western and the Chesapeake and Ohio. There are many minor groups of smaller roads. The Baltimore and Ohio is a trunk line which parallels the Pennsylvania from here to Chicago, and should actively compete for business at Philadelphia, Baltimore, Washington, Pittsburg, Cleveland, Columbus, Cincinnati, St. Louis and Chicago, as well as many other points. The Baltimore and Ohio is operated as an independent system, but the extent of its independence may be gauged by the fact that out of the outstanding capital stock of $184,000,000, of the Baltimore and Ohio, the Pennsylvania owned last year $83,000,000. Such a tremendous block of stock amounts to nothing more than actual control, and the Pennsylvania dictates the operating policy of the Baltimore and Ohio. The Pennsylvania owns $26,000,000 of the $89,000,000 capital stock of the Norfolk and Western road, and holds $10,130,000 of the $62,000,000 capital stock of the Chesapeake and Ohio Railroad."

Discussion on the floor of the stock exchange this morning of the possibilities of an investigation into the holdings of the Pennsylvania had an unsettling influence on stocks all day and fluctuations were extremely feverish.

New York, Jan. 30.—A full meeting of the directors of the Pennsylvania Railroad will be held in Philadelphia on Thursday, at which the House resolution will be considered. Some of the directors, who are in New York, said this morning that the road had nothing to conceal and will present all the facts to the government. A leading interest said that the Pennsylvania's control of the Baltimore and Ohio, Chesapeake and Ohio and Norfolk and Western is held jointly with the Vanderbilts. Instead of being in restraint of trade this combination was made for the express purpose of protecting the traffic interests of all the roads concerned.

Prince Frederick Proclaimed King.

Copenhagen, Denmark, Jan. 30.—Prince Frederick eldest son of the late King Christian, was proclaimed King of Denmark at noon today. The new King assumed the name of Frederick VIII.

This city is in deepest mourning for King Christian IX., the monarch whose death occurred yesterday. No arrangements have yet been made for the funeral and it will probably be some time before the plans are completed. The king's death came so suddenly that not all of his immediate family in Copenhagen could reach his side. His last words to the children who surrounded him were; "God bless you, children."

The funeral of King Christian is almost certain to bring together a great assemblage of royalties. Kaiser Wilhelm has telegraphed that he intends to attend the funeral. It is expected that King Edward of Great Britain, and the Czar will be present, and as King George of Greece and King Haakon of Norway are sure to attend, this will make a total of five monarchs. In addition, the Queens of England, Norway, Greece, and the Dowager Empress of Russia will be here.

Athens, Jan. 30.—King George of Greece will leave immediately for Copenhagen, to attend the funeral of his father, King Christian, of Denmark, who died suddenly yesterday.

Preparing for Wedding.

New York, Jan. 30.—Miss Alice Roosevelt spent a busy day with Modiste Madame Dunston today putting the finishing touches on her trousseau. There are eleven gowns and three evening wraps for Miss Roosevelt, which are nearly completed by Madame Dunston. They are the fin-de-siecle creations of the dressmaker's art, for Madame Dunston has spared neither expense or time. Miss Roosevelt did some general shopping today to complete her trousseau. Congressman Longworth did some shopping on his own hook this morning. In company with Miss Roosevelt he will go to Hoboken to meet his sister, the Countess de Chambrun, who is expected to arrive on the Kaiser Wilhelm der Grosse, this afternoon. The Countess comes to attend the wedding. While Miss Roosevelt had planned no social engagements while here, countless invitations poured in upon her, so that after all her trip may result in one round of entertainments, luncheons and dinners.

Judge Deuel to Resign.

New York, Jan. 30.—To avoid impeachment proceedings which District Attorney Jerome had planned to bring against him before the Appellate Division of the Supreme Court, Justice Joseph M. Deuel will resign from the Bench of the Court of Special Sessions, it is authoritatively stated. His resignation may be expected this week. In the course of the Hapgood trial it was shown that Justice Deuel had been drawing a salary of $1200 from Town Topics, and another of $1800 from Smart Set, as vice president and counsel respectively for these two publications, at the same time that he was enjoying $9000 a year from the State as a Justice. The city charter expressly forbids a Justice of the Court of Special Sessions to engage in any other business while on the bench.

Kid Sullivan Defeated.

Boston, Jan. 30.—Another of the Herford stable of fighters went to defeat last evening when Dave Dessler, of Cambridge, knocked the championship aspirations of Kid Sullivan, of Washington, higher than a kite, at the Douglas Athletic Club, Chelsea. Though it took Dessler the full 15 rounds in which to do the trick, he did it so decisively that there was not a question of doubt as to his superiority over Sullivan in the minds of the 1,200 or 1,500 persons who saw the contest. Every round but the first Dessler was master of the situation.

Deafness Cannot be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflammed portion of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

Explosion of Magazine.

Memphis, Tenn., Jan. 30.—A powder magazine in South Memphis, a suburb, is reported to have blown up this morning. Several persons are reported injured. No one was killed.

Head-on Collision.

Spokane, Wash., Jan. 30.—A collision on the Great Northern Railway a mile west of Columbia last night resulted in at least four deaths and probably more. The Great Northern Oriental limited No. 1, westbound, crashed into eastbound passenger No. 2. A fireman on each train was killed and Conductor Quinn was probably fatally injured. A great number passengers of both trains were injured and many coaches were piled up in a mass of wreckage. It is reported that several passengers on No. 2 were killed. Both locomotives were turned completely over and piled up together many feet from the rails. Disobedience of orders is said to have caused the accident. A later dispatch says that an express agent named Wurzbacher was also killed.

Accident to Automobile.

Pittsburg, Pa., Jan. 30.—Former Senator William Flinn and his coachman were thrown from a runabout at Fifth avenue and Elm street this morning as the Senator was driving to his office on Forbes street. The rig was struck by a Fifth avenue trolley car, overturned and both occupants were hurled to the street. Mr. Flinn was stunned for a brief interval and sustained a gash and large bruise on the head. He quickly recovered, however, and walked unassisted to his office. The coachman was not seriously hurt. The motorman was running at high speed and was unable to check his car in time to avoid the collision.

Alexandria Gazette

TUESDAY EVENING, JAN. 30, 1906.

Local Matters.

Sun and Tide Table.

Sun rises tomorrow at 7:08 a. m. and sets at 5:19 p. m. High water at 12:03 a. m. and 12:27 p. m.

Weather Probabilities.

For this section fair tonight and Wednesday; colder Wednesday; fresh southwesterly, shifting to northwesterly winds.

Acknowledgements.

The Board of Managers of the Alexandria Hospital thank their friends for the following donations: Mr. Park Agnew, $25; Mr. Worth Hulfish, $10 on ice bill; Mrs. K. U. Taylor, $6 85 on ice bill and two table cloths; Mutual Ice Company rebate on ice bill $10 and Mico Water supplied during the year. Mr. J. C. Gates, $5; James Carlin Sons, box of brushes; Mrs. Thompson, three bricks of ice cream; Ministering Children's League, flowers weekly and three cakes; Cameron Run Hunt Club, box of mixed cakes; Mr. Charles Hooff, Mr. Louis Hooff and Mrs. W. B. Smoot one quart of milk each daily; Golden Rule Circle, Daughters and Sons, Mount Vernon, Virginia, canned fruits and jellies; The Alexandria Bakery, bread twice weekly; Mr. Louis Shuman, one gallon of ice cream each Sabbath day; Mrs. Bloch, dessert weekly; Mrs. K. U. Taylor, fourteen garments for men's ward. From the colored people of Alexandria to be used in the colored wards, three dozen sheets and one dozen white spreads. The managers are most grateful for the supply of books, papers and magazines and beg for a continuation of the same. Few can estimate their value to the convalescents. Donations of men's outside garments, shoes and old linen are greatly needed.

Death of an Old Resident.

Mr. James Breen, an old and well-known resident, died at his home on the northwest corner of Gibbon and Patrick streets at an early hour last night. The deceased was a native of Ireland, but came to this country in early life and made Alexandria his home. He was a stonemason by occupation and over half a century ago was among those employed in the construction of the Orange and Alexandria Railroad, now a part of the Southern system. The deceased was a workman on the Wilkes street tunnel which was constructed about 55 years ago. During the past ten or twelve years he had been a railroad gatekeeper, and was for a long time stationed at Wilkes and Alfred streets. He was later transferred to Prince and Henry streets, and when the Henry street track was abandoned he was made night flagman at St. Asaph. The deceased leaves seven children—four sons and three daughters. He was of a jovial nature and had a large number of friends and acquaintances, all of whom will regret to hear of his death. Mr. Breen was about 80 years of age.

Rechabites.

Perseverance Tent, No. 1098, of Rechabites, held an interesting meeting last night. One candidate was initiated in the order. After all the business had been transacted, the committee of the "Country Social" made their report, which showed that the entertainment was a success. The lodge will hold a fair in February at Odd Fellows' Hall on north Columbus street. J. B. Hughes was appointed to make arrangements for the same. Visitors from Rechabite Tents of Washington were present at the meeting and they will unite with the tent of this city to make the fair a success.

The New Depot.

The lighting appliances have been installed in the new union depot, and by the 1st of March the current will be received from the power house now in course of construction at the new union yards adjoining Alexandria on the north. The illumination will be by a combination of gas and electricity. There are 16 gas jets and 24 electric bulbs in the main waiting room and ten lights in the ladies' waiting room. The ticket office and baggage, toilet and other rooms in the building are to be brilliantly lighted by electricty.

Personal.

Rev. J. P. Stump, having served the M. E. Church South in this city for four years, will end his pastorate next April, as under a rule of the Baltimore conference the preachers are transferred to other charges every four years. Not only his congregation but his friends throughout the city will regret his departure.

Mr. George Grantham and Miss Lillian Roundtree, of Washington, were united in marriage at the Baptist pastorium yesterday afternoon by the pastor, Rev. Dr. Fisher.

Deaths of Colored People.

Coleman Washington, colored, died at the Alexandria Hospital this morning. The deceased had been a sufferer from Bright's disease.

Albert Stewart, colored, died at his home on south Alfred street a few days ago.

Martha Lindsey, colored, died at her home, 120 south Fayette street, yesterday. The deceased was a native of Fairfax county.

Police Court.

[Justice H. B. Caton presiding.]

The following cases were disposed of this morning:

Wm. Bell, colored, arrested by Officer Smith for disorderly conduct for assaulting Elizabeth Gaines, was fined $5.

Harrie Shirley, colored, charged with disorderly conduct, was dismissed for want of evidence.

Disappearance of Dyers.

Complaint has been made to the station house by a fireman on the Southern Railway that a man and a woman who have recently been conducting the dying and scouring business in this city have disappeared with some garments belonging to the complainant. It is said that other customers of the couple who had also entrusted clothing with them are anxious to ascertain their whereabouts.

Religious Meeting.

A large congregation attended the meeting at the First Baptist Church last night. Dr. Blackwell captured the people with his first sermon. His subject was "The Two Foundations," one on rock, one on sand, and his treatment of the subject was so simple and practical, that the children, many of whom were present, could easily understand it.

The May Hillman Company.

The May Hillman Stock Company opened a week's engagement at the Opera House last night, producing "Children of Satan," a four act melodrama. Miss Hillman was seen in four characters and gave a perfect interpretation of the parts. Miss Hillman has a fine German dialect and in the character of "Hilda" scored a distinct hit. George Rosener played the part of "Ned Sirad" in a praiseworthy manner, while Wm. Sullivan as Bret Sinclair and Minnie M. Gordon as "Lillian, the countess," were both excellent. All the other characters of the drama were in capable hands. The specialties were some of the best ever seen in this city, and were heartily applauded, especially the trick bicycle riding and the hoop rolling. The Hillman Company is without doubt the best repertoire company seen in this city for many years and has a list of the best comedies and dramas ever presented at popular prices. Inasmuch as the house was crowded last night, a large audience is expected each night.

Tonight "Flood Tide," a melodrama of life among the Maine fisher folks, will be produced by the Hillman Company. Special scenery is carried for this drama, and an exceptionally strong show will be presented. New specialties will be given, among them illustrated songs. Owing to the high voltage of electricity the pictures could not be produced last night, but they will be given each night hereafter.

The Coming Parade.

Maj. William M. Smith, who will be the chief marshal of the parade of the coming celebration of Washington's birthday, announces that the First Regiment, District National Guard, and a battery of artillery from Washington will be in line, and it is understood that the battalion of Virginia infantry, composed of companies in and around Norfolk, will also accept the invitation to participate in the celebration.

Maj. Smith has appointed Mr. Marshall L. King chief of staff for the occasion.

Property Sales.

Mr. F. G. Davidson, of Washington, has sold to Dr. Wm. M. Smith the residence on the south side of Duke street, two doors west of Washington.

Mr. J. D. Normoyle has sold to Mr. Randolph Ramer lot 16 in the north subdivision.

Mr. Harry F. Wheat has sold to the Red "C" Manufacturing Company, of Baltimore, a lot on the east side of Fairfax street, between Queen and Princess.

Mrs. Smoot's Will Probated.

The will of the late Mrs. Frances P. Smoot was admitted to probate in the Corporation Court today by consent of all the parties concerned and Rev. W. Strother Jones qualified as executor. Rev. W. Strother Jones, by request, resigned as trustee for Miss Rose Ella Smoot and Mr. Worth Hulfish was appointed in his stead.

Preparing New Wharf.

The Mutual Ice Company, Mr. W. M. Readon, president, is now engaged in erecting sheds on the new wharf at the foot of Cameron street. The wharf will, about the first of March, be used by the Baltimore and Randall line steamers. This is the largest and one of the best piers on the river front.

Court Martial.

A summary court martial was held at Armory Hall last night to investigate the case of Frank Jeffries, a member of the Alexandria Light Infantry, who was charged with disobedience of orders. The accused had a fine imposed upon him.

[COMMUNICATED.

Numerously signed commendable petitions have gone forth to our legislators looking to the protection of the gaming interests of this State, but I fail to have seen one solicitous of the fishing interests. Don't you think if we would interest ourselves in doing away with all trap-net fishing for two or three years that it would re'ound to the benefit of humanity. From Smith's Point, at the mouth of the river, to Jones's Point, below this city, they fill the river, both dangerous to navigation and disastrous to the young fish. Not more than one-third of their product is marketable, while the young are cast upon the shores of Maryland and of our own State to decay. I would like to see you interest yourself in this matter. It is getting so one can hardly catch a mullet or catfish, much less the fine white perch which used to be so plentiful. GEO. H. HAYDEN.

Fired on Spanish Gunboat

Madrid, Jan. 30.—A telegram received today from Melilla, the Spanish town on the north coast of Morocco, states that a party of Moors passing along the coast fired on the Spanish cruiser Infanta Isabel, causing some damage to the vessel. A gunboat has been sent from Melilla to the scene of the firing.

Cured His Mother of Rheumatism.

"My mother has been a sufferer for many years from Rheumatism," says W. H. Howard of Husband, Pennsylvania. "At times she was unable to move at all, while at all times walking was painful. I presented her with a bottle of Chamberlain's Pain Balm and after a few applications she decided it was the most wonderful pain reliever she had ever tried, in fact, she is never without it now and is at all times able to walk. An occasional application of Pain Balm keeps away the pain that she was formerly troubled with." For sale by Gibson & Timberman and W. F. Creighton & Co.

Fifty-ninth Congress.

Washington, Jan. 30.

SENATE

Hon. J. McMullen, Senator for Ontario in the Canadian parliament, was on the Senate floor at the opening today, he guest of Mr Warner.

By the unanimous adoption of a resolution the Senate ordered paid the funeral expenses of the late Senator J. H. Mitchell, of Oregon

A stir was created in the Senate today when Mr. Elkins of West Virginia, renewed his motion of yesterday, to have the committee on Interstate Commerce discharged from further consideration of the employer liability law. Mr. Dolliver charged that the game of battledore was shuttlecock had been in progress on that measure for four years and read record to show the number of times it had been before the committee on interstate commerce, and judiciary, often passing from one to the other. He moved that it go to the committee on education and labor, instead of the judiciary committee, as desired by Mr. Elkins.

Mr. Penrose wanted action.

Mr. Foraker and Mr. Newlands, members of the committee, declared that they had no objection to the bill. Mr. Aldrich opposed the Daniel motion.

HOUSE.

The railroad rate debate began in the House immediately after the reading of the journal.

The only preliminary sparring was between Mr. Hepburn, chairman of the interstate committee, and Mr. Williams, democratic floor leader, the former demanding that debate be confined to the bill itself, the later objecting.

Mr. Hepburn gracefully withdrew from the field, and the debate opened with Mr. Townsend, of Michigan, on behalf of the republicans.

He was followed by Representative Adamson, of Georgia, in charge of the debate for the democrats.

Lung Warmth Means Health

A Chilly Feeling in the Lungs is Dangerous—How Pneumonia is Cured

"That medicine makes me feel warm right there," said the boy, tapping his chest. His mother had just rubbed Gowan's Pneumonia Cure over his chest, covering it with a bit of flannel. The powerful remedy passes quickly through the skin and gets to its work of healing and stimulating the lungs. The comforting glow of healthful lung action had come back to the boy.

Healthy lungs are warm with their own busy life. A chill at your lungs means danger. A cold nearly always attacks the lungs.

Protect them. Help them resist the threatening pneumonia and consumption, and at the same time cure your cold. Do it by the natural, harmless method.

Rub Gowan's Pneumonia Cure over your chest. If the throat is sore, rub that also. Cover with flannel cloth. Do this at night. Next morning your cold or sore throat will be cured.

Gowan's positively *cures* pneumonia—has cured cases that well-known physicians had given up. It cures in one night a cough, cold, sore throat, croup—any of the many ills that come from colds. Because it penetrates, gets to the seat of the trouble, allays fever, soothes, heals, stimulates, makes perfect health. Powerful but harmless. The ideal external remedy.

READ "A FRIEND'S" LETTER

"I have used Gowan's Pneumonia Cure with signal success, so that we always keep a box on hand for any emergency. I am convinced that one vigorous treatment saved me from pneumonia last winter, and I shall always be its very grateful friend.

"MRS. ROBERT L. THOMPSON,
"Raleigh, N. C."

All druggists sell Gowan's Pneumonia Cure. Regular bottles, $1.00. Croup size—enough for ordinary cold or sore throat—25 cents. Sent by mail, if you wish, on receipt of price. Gowan Medical Co., Durham, N. C.

Preparing for France.

A prominent Venezuelan who has arrived at Willemstad, Curacao, from Caracas says that President Castro, while supposed to be resting at Maracay, has been actively engaged in visiting the garrisons and preparing for an expected invasion by France. Governors of the States have been called to the capital for instructions, troops are mobilizing and the impressment of the army has begun. The people are apathetic, but will be forced to fight, though they blame President Castro for going too far with M. Taigny. Conservative opinion is that President Castro is putting on a bold front at the last moment to save his presidency from compliance with the expected demands of France for an apology and a salute to the flag. President Castro has sent an extremely violent note to France and has personally appealed to the German Emperor to intervene to save German interests in Venezuela. He made the same request to England, but was refused on the ground of British cordiality with France. Foreign representatives in Curacao believe that war is unavoidable and contend that whatever the result of the war the other nations should take action, as by President Castro's declaration that diplomatists lose all immunity immediately relations are severed he refuses to send ministers abroad, reducing Venezuela to the plane of countries accorded consular officers only.

Murderer Confesses.

After having been "sweated" for nearly a week, Rufus Johnson, alias Jones, colored, admitted yesterday afternoon to Captain of Detectives Pumphrey and Detective Pohler in Baltimore that he murdered Miss Florence W. Allinson on January 18 at her home in Moorestown, N. J. The negro denied that he committed an assault upon Miss Allinson, but physicians have said that the unfortunate woman was also a victim of this crime. Johnson ascribed no motive for his crime other than that he feared he would be recognized as the man who robbed the residence of Mr. Charles Goodenough, which is about one and a half miles from the scene of the murder. Johnson has broken down completely. He is afraid he will be lynched if he is taken back to Moorestown, and he begs that he be allowed to remain in Baltimore.

The Diamond Cure.

The latest news from Paris, is, that they have discovered a diamond cure for consumption. If you fear consumption or pneumonia, it will, however, be best for you to take that great remedy mentioned by W. T. McGee, of Vanleer, Tenn. "I had a cough for fourteen years. Nothing helped me until I took Dr King's New Discovery for Consumption, Coughs and Colds, which gave instant relief and affected a permanent cure." Unequalled quick cure for Throat and Lung Troubles. At E. S. Leadbeater & Sons' drug store; price 50c and $1.00, guaranteed. Trial bott'e free.

Chamberlain's Cough Remedy the Best Made.

"In my opinion Chamberlain's Cough Remedy is the best made for colds," says Mrs. Cora Walker, of Poterville, California. There is no doubt about its being the best. No other will cure a cold so quickly. No other is so sure a preventive of pneumonia. No other is so pleasant and safe to take. These are good reasons why it should be preferred to any other. The fact is that few people are satisfied with any other after having once used this remedy. For sale by Gibson & Timberman and W. F. Creighton & Co.

Do the right thing if you have Nasal Catarrh. Get Ely's Cream Balm at once. Don't touch the catarrh powders and snuffs, for they contain cocaine. Ely's Cream Balm releases the secretions that inflame the nasal passages and the throat, whereas common "remedies" made with mercury merely drive them out and leave you no better than you were. In a word, Ely's Cream Balm is a real cure, not a delusion. All druggists, 50c, or mailed by Ely Bros., 56 Warren street, New York.

Soothing and Comforting.

The soothing and comforting effects of DeWitt's Witch Hazel Salve, when applied to Piles, sores, cuts, boils, etc., subdues pain almost instantly. This Salve draws out the inflammation, reduces swelling and acts as a rubefacient, thus circulating the blood through the diseased parts, permitting or aiding Nature to permanently remove the trouble entirely. Sold by W. F. Creighton & Co., 401 King street

A Liquid Cold Cure.

For coughs and colds no remedy is equal to Kennedy's Laxative Honey and Tar—the Liquid Cold Cure. It is different from all others—better, because it expels all cold from the system by acting as a cathartic on the bowels. Gives strength to weak lungs. Affords immediate relief in Croup, Coughs, Colds, Whooping-Cough, etc. Children love it. Sold by W. F. Creighton & Co., 401 King street

FOR OVER SIXTY YEARS.

AN OLD AND WELL-TRIED REMEDY.—Mrs. Winslow's Soothing Syrup has been used for over sixty years by millions of mothers for their children while teething with perfect success. It soothes the child, softens the gums, allays all pain, cures wind colic, and is the best remedy for Diarrhœa. Is pleasant to the taste. Sold by druggists in every part of the world. Twenty-five cents a bottle. Its value is incalculable. Be sure and ask for Mrs. Winslow's Soothing Syrup and take no other kind.
